O3. Internet data firms stirring up Aadhaar privacy debate, suspects Trai chief

Economic Times- Feb. 20 , 2019

New Delhi: Internet companies that have built their businesses using public data are likely to have created privacy threat debate around the country's unique digital ID Aadhaar, [Trai](#) Chairman R S Sharma said on Monday. "My suspicion, I will have to prove that, but based on circumstantial evidence, we think that many of data companies are behind Aadhaar issue. They want to create their own identity system," Sharma said at 'International Colloquium on Ethics and Governance of Autonomous AI Systems'.
