O5. India can lead in 5G deployment, but investments in fibre infrastructure key, says TRAI Chief R S Sharma

Express Computer - Jan. 21 , 2019

India can be a frontrunner in deployment of 5G but a lot will hinge on bolstering investments in fibre infrastructure, which is currently inadequate and trailing countries like China, TRAI Chairman R S Sharma said. Sharma noted that there has been consolidation in the Indian telecom market leading to an optimal situation of one public sector and three private sector players, and added that the sector will see stability.
